

WIFE'S SHARE COST LIFE OF HUSBAND

In Play He Makes Believe to Jump Overboard and Falls to His Death From New York Ferryboat.

NEW YORK, Aug. 8.—Playfully accepting his wife's dare to jump overboard, Joseph Mantero, waiter, of 117 Christopher st., sprang or fell from the ferryboat Richmond off the southern end of Governor's island and was drowned at 9 o'clock Thursday night. Capt. William Denyse stopped the vessel and a boat was lowered, but before the rowers could reach him Mantero, who had been swimming toward the vessel, sank.

Mantero had accompanied his wife and mother, Mrs. Mary Switzer, of Port Richmond, to South Ferry, it being his intention to return home on board the same vessel. According to passengers, the trio sat near the outer rail amidships, and all seemed to be in jovial spirits. Mantero persisted in teasing his wife, who finally repelled him, whereupon he laughingly announced that he would jump overboard.

Mrs. Mantero is said to have dared him to do it and Mantero sprang upon the rail as if to carry out his threat. Eye witnesses say that he lost his balance and struggled hard to regain his lost hold as he swung overboard. The alarm was at once given and when the boat was brought to a halt Mantero was seen swimming towards the ferryboat. Just as the vessel started towards him, he threw up his arms and sank.

Mrs. Mantero became hysterical when the boat returned with her husband and a physician was summoned. Mantero is said to have been a good swimmer and it is thought he was seized with cramps. The accident was witnessed by scores of women, many of whom became panic stricken.

NINETEEN PRISONERS ARE GIVEN FREEDOM

Gov. Ralston Issues Releases For Men in Insane Hospital at Michigan City Before Starting Vacation.

MICHIGAN CITY, Ind., Aug. 8.—Nineteen prisoners held in the insane hospital of the state prison here Thursday were released under an order issued by Gov. Ralston before he started on his vacation. The men were convicted under a law which allowed sending the criminally insane to the prison hospital but the law later was declared unconstitutional as class legislation because it made no similar provision for prisoners of women. The last legislature amended the law but as the men have been tried under the act ruled out by the supreme court, the prisoners were freed.

The men Thursday are being returned to their respective counties where they will be left in charge of the sheriff in case the county desires to further prosecute. Prison officials, however, express the belief that none of the men will be returned here though they think it possible some may be committed to state insane hospitals.

The following is the complete list of the men:

Alvin Warner, convicted Feb. 3, 1913, Lebanon, for forgery, declared insane by the court; Thomas Blace, convicted Jan. 25, 1913, Evansville, for entering a house to commit a felony, claimed complete loss of memory, knowing nothing about the crime; Sharon Sackett, convicted March 25, 1912, for assault and battery with intent to kill; Roscoe Clark, convicted Aug. 12, 1912, Mt. Vernon, for assault and battery; Charles Smith, convicted at Jeffersonville, April 14, for incest; Thomas Connelly, convicted Sept. 29, 1911, Ft. Wayne, for assault and battery with intent to kill; Laton Lamphere, convicted April 15, 1911, Lebanon, for assault and battery with intent to kill; Alexander Baltas, convicted in Lake county April 14, 1911, for arson, having burned a dance hall; James Henry, convicted at Albion, Oct. 24, 1910, for petit larceny; Anthony J. Hawkins, convicted in 1910 for assault and battery; Alvin Press, convicted at Monticello, Sept. 12, 1910, grand larceny; George Dunlap, convicted Sept. 6, 1910, Richmond, for assault and battery with intent to kill; Herman W. Borchers, convicted Oct. 8, 1909, murder, slew man who he claimed ruined his wife's health; John Wagner, convicted Sept. 9, 1910, for assault and battery; Edwin E. Ellis, convicted, Oct. 19, 1909, for arson at Indianapolis; Charles Wade, convicted May 28, 1909, Albion, for robbery; Robert Jolly, convicted May 18, 1909, Danville, for murder, having slain his daughter, aged nine years.

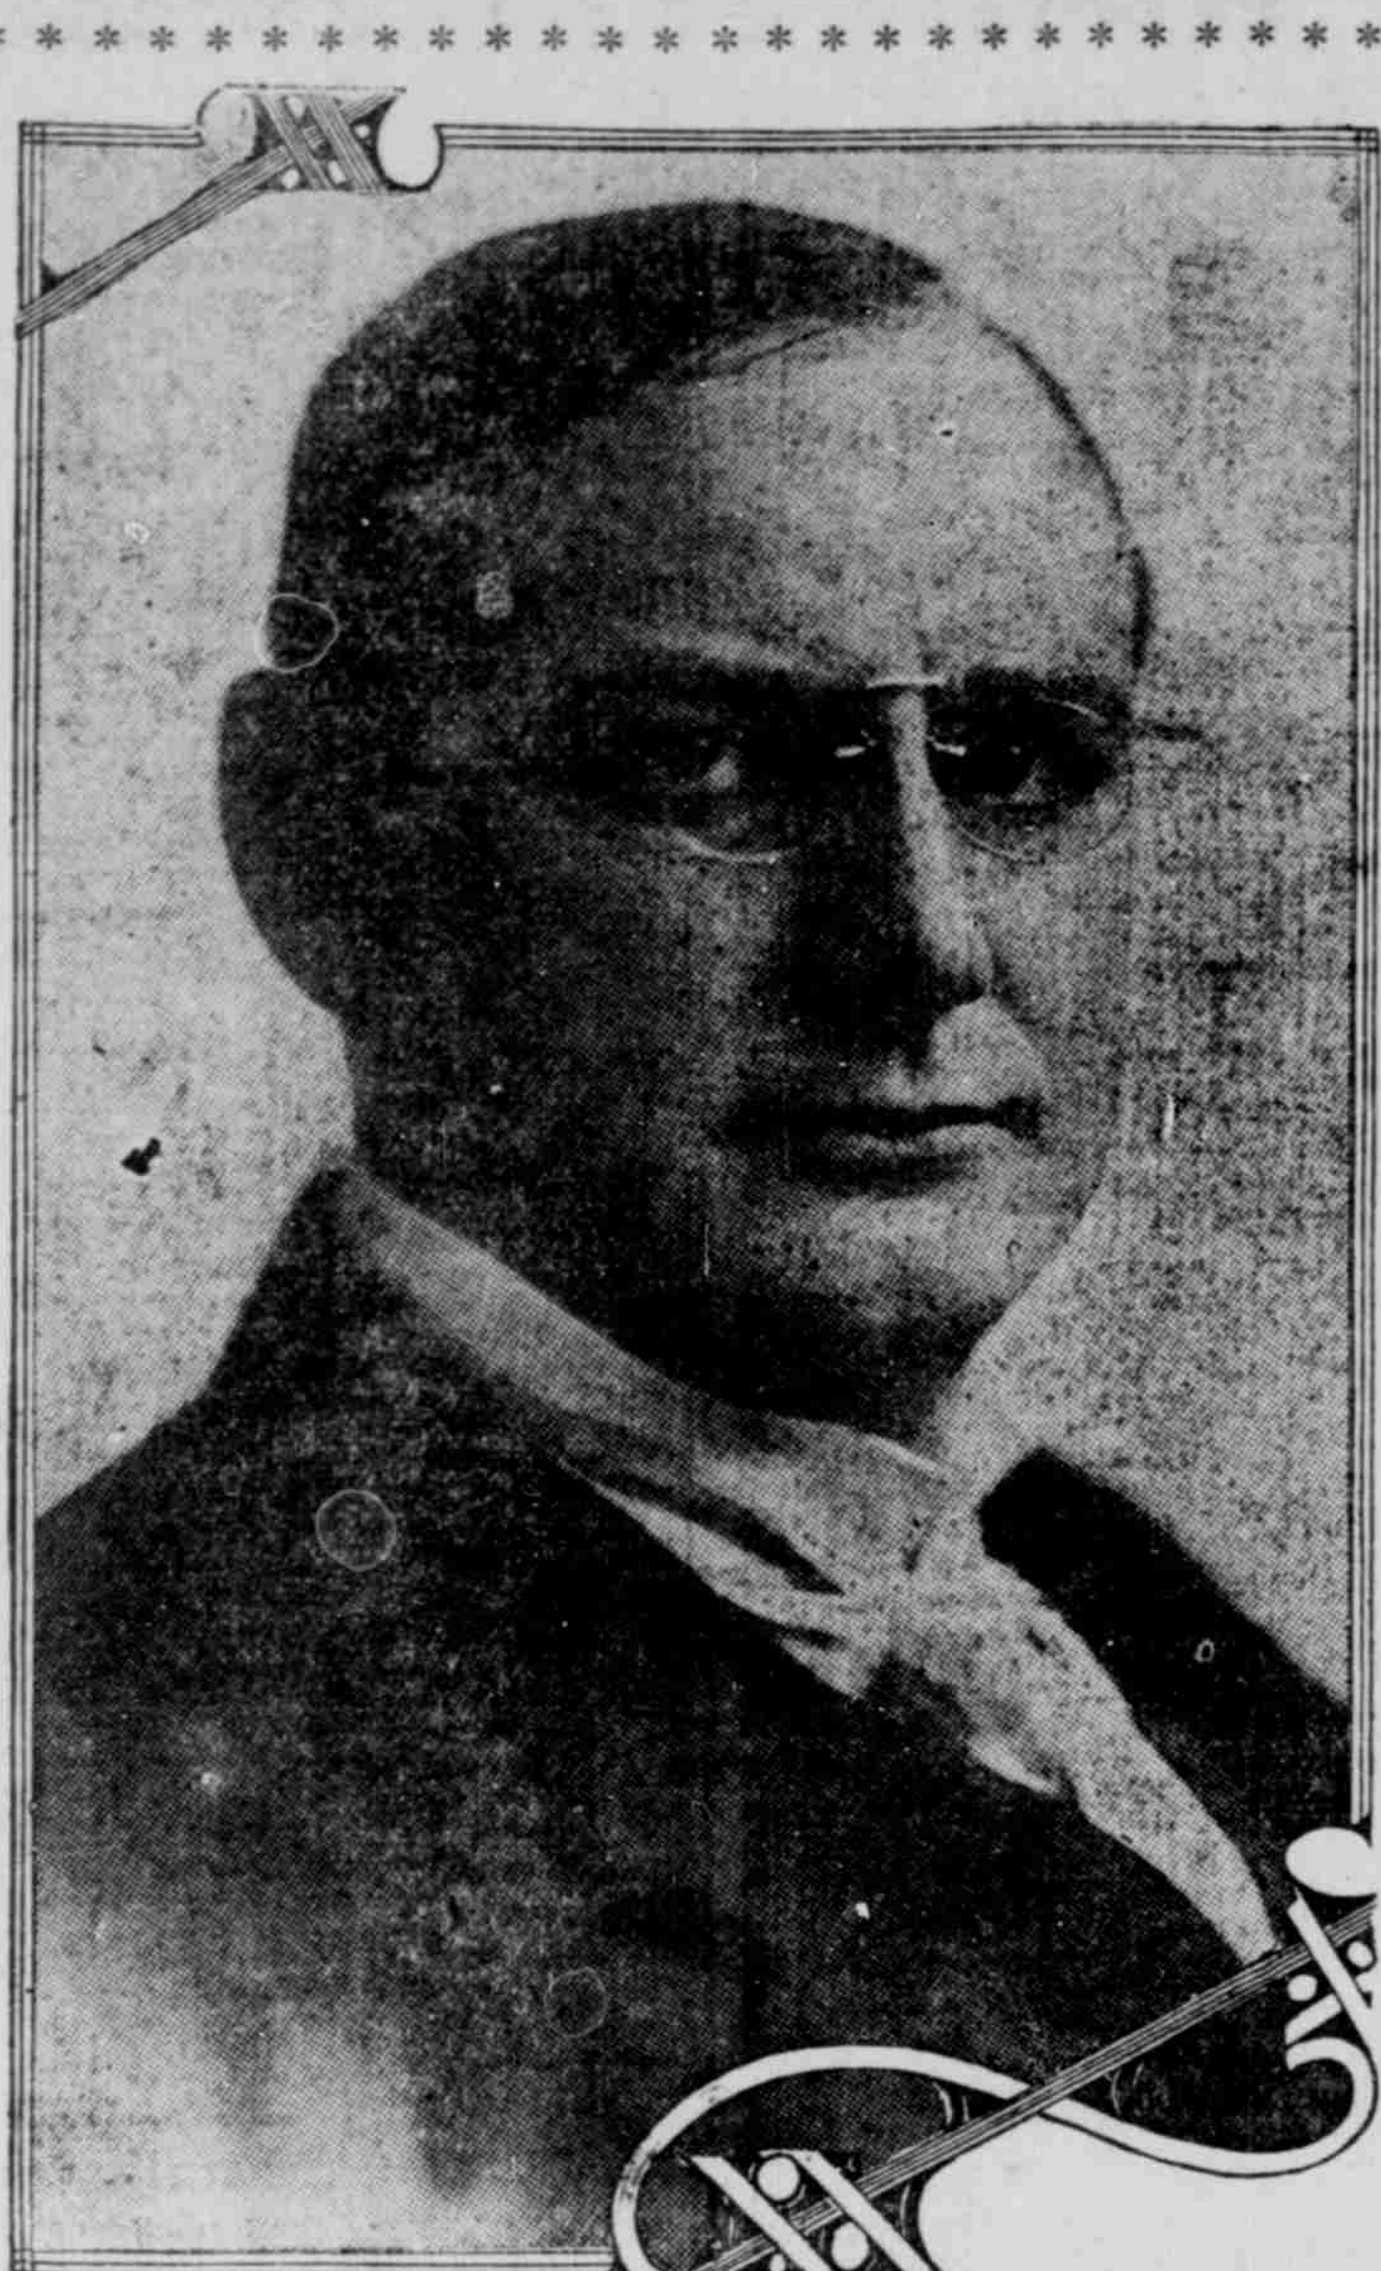

WILL PENSION HORSES THAT PULLED OLD CARS

New York Residents Will Not Forget Animals and Driver After They Are Gone.

NEW YORK, Aug. 8.—Celebrating the promised innovation of electric cars on Delancey st. property owners have voted to pension for life two of the old horses that hold the service record with the car line which is to be supplanted and to raise a fund for Pat Connell, the oldest driver. The pair of horses, known as Tom and Jerry, have taken their turn regularly over the Delancey st. line for 24 years. They will be bought from the company and rusticated on a farm, with nothing to do except graze. Connell has been driving a horse car on the line for 32 years.

Advice to Those Who Have Lung Trouble

Pulmonary Lung Trouble is said to be curable by simply living in the open air and taking an abundance of fresh eggs and milk. Do all you possibly can to add to strength and increase weight; eat wholesome nourishing food, and breathe the cleanest and purest air, and then, if health and strength do not return, add the tonic and beneficial effects of Eckman's Alternative. Read what it did in this case:

Wilmington, Del.
"Gentlemen: In January, 1908, I was taken with hemorrhages of the lungs. I took eggs and milk in quantities, but I got very weak. Mr. C. A. Lippincott, my employer (Lippincott & Co., Department Store, 304 to 314 Market street, Wilmington, Del.), recommended to me Eckman's Alternative, and upon his suggestion I began taking it at once. This was about June, 1908. I continued faithfully, using no other remedy, and finally noticed the clearing of the lungs. I firmly believe Eckman's Alternative saved my life."
(Affidavit)
JAS. SQUIRES.
(Above abbreviated; more on request.)

Eckman's Alternative has been proven by many years' test to be most efficacious in cases of severe Throat and Lung Affections, Bronchitis, Chronic Croup, Stomach Colds and in upbuilding the system. Does not contain narcotics, poisons or habit-forming drugs. For sale by Chas. Conley & Co., 151 E. 12th St., and other leading druggists. Write the Eckman Laboratory, Philadelphia, Pa., for booklet telling of recoveries and additional evidence.—Advertisement.

LABORER IS HEIR TO ONE MILLION DOLLARS.

OMAHA, Neb., Aug. 8.—Frederick Gross Von Alvensleben, for 27 years a day laborer, Thursday received notice from the German counsel at Chicago that he had fallen heir to an estate in Germany valued at \$1,750,000.

Von Alvensleben became estranged from his family and came to America nearly 20 years ago. He said Thursday he has known he would some day receive a large inheritance but admitted that his pride had prevented him from accepting an annuity of \$20,000 which has been accumulating in a bank at Danzig, Germany.

When informed of his good fortune Von Alvensleben was employed at menial labor as a farm hand from here. Thursday he engaged steamer passage for Danzig.

STEAMER SINKS A BARGE

No Lives Are Lost in Accident on River at Detroit.

DETROIT, Aug. 8.—Colliding with an unknown steamer in the St. Clair river early Thursday, the barge Crete went to the bottom a short distance from the Star island dock. No lives were lost and the steamer Roumania, which was towing the barge, also escaped injury.

As rheumatism is due to an excess of uric acid in the system, the only sensible, rational treatment is one that removes this poison. That's what Hollister's Rocky Mountain Tea does. That's why it cures for good. Conley Drug Store. Advt.

ABOUT TAPPING IN DROPSY

Nearly everybody knows that when the dropsy comes so fast in Bright's Disease that the patient has to be tapped that the case is hopeless. We have heard of a case recovering that required tapping until Fulton's Renal Compound was evolved. Under the Renal Compound recoveries are frequently reported even in this supposed hopeless stage. We recall two cases.

F. H. Chandler of Clay, New York, was a very serious case. As high as four quarts of water were drawn at a tapping. He was put on Fulton's Renal Compound and a year thereafter had resumed employment.

Another—Patient six years old, the son of A. C. Dean of Oakland, Cal., was tapped eight times; even had to be tapped after being put on Fulton's Renal Compound, but the tapping grew further apart and he made a recovery and was going to school at last address.

What do these things mean if Bright's disease is not curable? If you have Bright's disease you owe it to yourself and family to try Fulton's Renal Compound before giving up. It can be had at Watson's or John J. Fulton Co., San Francisco.—Advertisement.
